## It's a meeting and a vacation. It's a meetcation.

## A trip down the waterslide. Just one way to boost productivity and morale.

On a Carnival cruise, you won't lack for things to do during breaks. Enjoy the pool and waterslide on the Lido deck, have a massage in the spa, fit in a workout in the fitness center or relax in the adult only Serenity<sup>SM</sup> relaxation area. And when it's time to refuel and recharge, retreat to your well-appointed stateroom and call on our complimentary 24-hour stateroom service.

## An employee-of-the-month plaque or a Carnival cruise vacation? Hmm, not exactly a toss-up.

Incentivize and reward individual employees with, say, a Caribbean cruise at the end of your carrot stick. Carnival's Preferred Awards program offers a variety of ships, destinations and convenient departure ports to reward your outstanding performers.

## You know what else is fun? Easy planning.

A Carnival Meetings & Incentives representative will help you plan everything you need for your corporate event, starting with which ship, itinerary and departure port best meet your needs. We can even take care of things like reserved seating in the dining room and planning group events such as receptions and shore excursions. Just ask, and we'll get the fun started.
